

Yearly Status Report - 2015-2016

Part A							
Data of the Institution							
1. Name of the Institution	BIRLA INSTITUTE OF TECHNOLOGY						
Name of the head of the Institution	Dr. M. K. Mishra						
Designation	Vice Chancellor						
Does the Institution function from own campus	Yes						
Phone no/Alternate Phone no.	+916512275402						
Mobile no.	9431100447						
Registered Email	vc@bitmesra.ac.in						
Alternate Email	registrar@bitmesra.ac.in						
Address	BIT Mesra						
City/Town	Ranchi						
State/UT	Jharkhand						
Pincode	835215						
2. Institutional Status							

University	Deemed
Type of Institution	Co-education
Location	Rural
Financial Status	private
Name of the IQAC co-ordinator/Director	Prof. G. Sahoo
Phone no/Alternate Phone no.	+916512276052
Mobile no.	9431187542
Registered Email	iqac@bitmesra.ac.in
Alternate Email	gsahoo@bitmesra.ac.in
3 Website Address	

3. Website Address

Web-link of the AQAR: (Previous Academic Year)	<u>https://www.bitmesra.ac.in/iqac/page</u> <u>?page=iqac&pid=170</u>
4. Whether Academic Calendar prepared during the year	Yes
if yes,whether it is uploaded in the institutional website: Weblink :	https://bitmesra.ac.in/UploadedDocument s/deanugpg/files/Academic%20Schedule%20 2015-16(1).pdf

5. Accrediation Details

[Cycle	Grade	CGPA	Year of	Validity		
				Accrediation	Period From	Period To	
	1	B+	78.25	2003	16-Sep-2003	15-Sep-2008	

6. Date of Establishment of IQAC

22-Sep-2010

7. Internal Quality Assurance System

Quality initiatives by IQAC during the year for promoting quality culture

1) Ranking and ra publications 3) 7 Programs 4) MoU's Academic Institut motivational talk conferences, work	5 accreditation with Industries ions 5) Technics s 6) Seminar,	to UG s and	1) participated and ranked in NIRF 2) Increase in SCI indexed Journals 3) Awareness implemented 4) Number of MoU's have been made with academic institutions and Industry 5) Made by different departments 6) More than 10 such programs organised				
	No	Files U	ploaded !	11			

14. Whether AQAR was placed before statutor body ?	No					
15. Whether NAAC/or any other accredited body(s) visited IQAC or interacted with it to assess the functioning ?	No					
16. Whether institutional data submitted to AISHE:	Yes					
Year of Submission	2016					
Date of Submission	03-Mar-2016					
17. Does the Institution have Management Information System ?	Yes					
If yes, give a brief descripiton and a list of modules currently operational (maximum 500 words)	The management information system at BIT Mesra has been in force since 2011 with three modules implemented for the purpose of proper record keeping and smooth functioning of different sections. All the three modules work independently. Osprey Technology from Kolkata provides the three different modules which are listed below 1) Administration 2) Finance and Accounts 3) Student Admission and support. Examination section uses the ERP based software from BIRLASOFT for student enrollment, semester registration, issuance of student admit card and result processing. The integration of IT with centralized functioning of the overall exam process improves the efficiency, reliability, transparency and accuracy of examination system. In addition, the Training and Placement office has its own inhouse built MIS software to manage the activities of Placement.					
	Part B					
CRITERION I – CURRICULAR ASPECTS

1.4 – Feedback Syster	n										
1.4.1 – Whether structur	red feedback re	ceived	from all the st	akeholde	rs.						
Students				Yes							
Teachers				Yes							
Employers						No					
Alumni				Yes							
Parents						No					
1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)											
Feedback Obtained											
The feedback is collected systematically from all stakeholders. The feedback mechanism is formulated to get feedback on the courses, syllabus, programmes, teachers, overall system, etc. These are collected either through soft or hard copy format. Collected feedbacks are analysed by the respective heads of concerned departments and after a due consideration in departmental faculty meetings, they are communicated to the Dean Academic Program to be implemented through Board of Studies and Academic Council, if found feasible. The feedback on teachers are being discussed and deliberated upon with the respective											

teachers by the head of concerned department and accordingly faculty members are advised to make necessary changes and improve. The analysis of the course and program feedback helps the Institute to consider any revision of courses, addition/subtraction of elective courses, change in program structure, etc. The exit feedback gives a holistic view of the Institute as a whole and the scope of further improvements and developments in major areas such as administration, hostels, ambience, library, internet, infrastructures, etc. These feedbacks are shared with the concerned officers to take an action on particular matters of concern.

CRITERION II – TEACHING- LEARNING AND EVALUATION

2.1 – Student Enrolment and Profile

2.1.1 – Demand Ratio during the year										
Name of the ProgrammeProgrammeNumber of seats availableNumber of Application receivedStudents Enrolled

2.3.2 – Students me	entoring system ava	ailable in the institu	tion? Give d	etails. (maximum 500 v	vords)				
 2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words) Students during their academic Journey in the institution, need mentoring / guidance from their faculty member/s. Students mentoring needs may arise from very simple matters like selection of electives, registration to respective credits or more complicated like career counselling etc. Each faculty member is the mentor of a group of 20 to 25 students. First year students have mentors from the departments teaching Basic Engineering Science and second, third, fourth year students have mentors from the parent department. Departmental faculties continue to be mentors for the same group of students till their graduation. The mentor performs the following functions, however these are not limited to this list. A mentor can always do more for the benefit of the students 1. Meet the group of students at least twice a month 2. Continuously monitor, counsel, guide and motivate the students in all academic matters 3. Regularly monitor and advice regarding attendance and performance in various institute assessment examination. 4. Contact parents/guardians if situation demands e.g. academic irregularities, negative behavioural changes and interpersonal relations, detrimental activities etc 5. Advise students in their career development/professional guidance

that are utilized for cultural events organized by the student community, and are maintained by the Estate Office. The campus also has two canteens and several other eating options within the premises, which are entrusted in the supervision of the Committee for Shop Allocation and Vendor Management. The same committee also manages the shopping complexes which are located in the campus. An on-campus dispensary provides primary healthcare facilities. A Doctor from the campus Health Centre accompanies the patient in case of an emergency. The campus Dispensary-cum-Health Centre also provides free treatment and supply of medicines to residents of local villages in the region. The Institute provides transportation facilities to students and staff and their children for commuting to and from Ranchi city. The bookings, schedules, running and maintenance of vehicles are undertaken by the Transport Office.

•			5.3.2 – Activity of Student Council & representation of students on academic & administrative bodies/committees of the institution (maximum 500 words)						
5.3.2 - Activity of Student Council & representation of students on academic & administrative bodies/committees of the institution (maximum 500 words) BIT encourages students' participation in various academic and administrative committees which empowers students in developing leadership qualities and team working skills. Different academic and administrative committees of the Institute are represented by adequate number of student representative through various student bodies ex, student representatives are part of the grievance redressal committee which not only looks after the complaints and grievances of students and staffs of the Institute but are also authorised to initiate necessary remedial measures. Student play important role in preventing sexual harassment through their representation in the committee for prohibition and prevention of sexual harassment. They have been playing active role in maintaining discipline and decorum while various important activities are executed or performed by students. They work as a whole in every activity of the university contributing to its smooth functioning. Students also organise various programs such as paper presentations, workshops, and seminars every year at department / institute level. Every year, Institute organizes several mega-events such as BITOTSAV, PANTHEON, VAJRA, DEEPOTSAV, Annual Athletic Meet etc which are exclusively organised and administered by students. All managerial, financial, security, sponsorship, advertisement/promotion, news/media, photography aspects are completely planned and executed by students under faculty mentorship. Overall through these activities student get the									

opportunity for their holistic development in leadership qualities as well as team working skills.

5.4 – Alumni Engagement

5.4.1 – Whether the institution has registered Alumni Association?

Yes

5.4.2 – No. of registered Alumni:

1992

5.4.3 – Alumni contribution during the year (in Rupees) :

3859000

5.4.4 - Meetings/activities organized by Alumni Association :

 a) Distinguished Alumni (Professors of US Universities) are engaged as Adjunct Faculty. They interact with students and faculty on various projects and contemporary issues. b) Distinguished Alumni (Industrial Experts) conduct webinars and deliver Guest Lectures. c) Alumni regularly help and support our placement / internship activities and connect us to their peers in other industries/Universities. d) The institute organizes Industry Academia Symposium to build relationship with industry/Universities with the support of senior alumni as brand ambassadors.

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

The Birla Institute of Technology is a "Deemed to be University" under Sec. 3 of the U. G. C. Act 1956. The institute functions under the overall supervision, and guidance of a high power Board of Governors(BOG), comprising representatives of the Ministry of Education, Government of India, University Grants Commission(UGC), State Government, A.I.C.T.E, The Hindustan Charity Trust and representatives of the Institute Faculty. In addition, the BOG is represented by Alumni of the institute as well. His Excellency, The Governor of Jharkhand is the Chancellor of the University and Shri C.K. Birla is the Chairman of the Board of Governors. There are several committees formed under the supervision of the Board to look after specific matters in the Institute's functioning. These include (i) The Finance Committee, and (ii) The Institute and Building Works Committee. The Academic Council (formerly Technical council) decides the academic policy of the Institute. It approves the curriculum, courses and the examination results. For smooth functioning of the institute, the Vice Chancellor, who is the Chairman of the Academic council is authorized to appoint different Committees such as • Regulation Committee for Undergraduate and Postgraduate Courses • Semester Programme Co-ordination Committee • Admission Committee • Scholarship Committee • Students Welfare Committee. The teaching, training, faculty development and research activities of various departments at the Institute are constantly reviewed to monitor outcome, quality and available facilities. The Institute practices and nurture the culture of participatory Management to execute its activities such as Administration, Admission, Student activities, Curriculum Development, Research, Sports etc. The Institute ensures adequate representation in various committees by Professors, Associate Professor, Assistant Professors and student representatives from different Departments, that has made the functioning of the Institute smooth, participatory and transparent which is one of the best

practices in the Institute. At the institute level, BIT has been adopting collective leadership which is provided by the Vice Chancellor, Deans, Head of the Department and Registrar which is another best practices of the Institute. The leadership for the regular activities of the Institute is provided by the Vice Chancellor, who is advised and assisted by Deans, Heads of Departments/ In- Charges besides the Registrar for overall administrative and academic activities of the Institute. The administrative structure is similar to that of some of the premier institutions in the country and aboard. BIT has created a governance plan that embodies the institute's values of transparency, accountability and efficiency. By participatory management, BIT has ensured the transparent, accountable and efficient functioning of the institute.

6.1.2 - Does the institution have a Management Information System (MIS)?

Partial

6.2 – Strategy Development and Deployment

6.2.1 – Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

	- · · ·
Strategy Type	Details
Admission of Students	Birla Institute of Technology, Mesra, Ranchi is a Deemed to be University and the admission procedure is executed as per the clearly laid down policies and guidelines set by the Institute. Admission to all UG, PG and Ph.D. programs are based on National / Institute level competitive test and counselling / interviews. For B.Tech. B.Arch. programs, admissions are based on all-India entrance examination (JEE- Main) followed by JoSAA / CSAB counselling. This transparent process ensured good students from all over India thereby maintaining diversity in student profile. Eligibility criteria, Fee Structure, Selection process are decided after due deliberation by the Admission Committee which comprise of Deans, HoDs and other administrative members. Reservation of seats for OBC / SC / ST / EWS and PWD are strictly adhered as per statutory reservation policy of State of Jharkhand and Govt. of India.
Industry Interaction / Collaboration	The Institute promotes the Industry- Academia interaction wherein the faculty and students are encouraged to go to industry visits to identify problems of practical nature and find possible solution. In addition students are encouraged to go for their internship for a better exposure and work culture in industry. Summer internships are considered as an important career stepping stone. Second and third year UG students are facilitated for industrial internship.

	Summer internships teach valuable on- the-job skills, provide excellent networking opportunities and make them ready for jobs in industry.
Human Resource Management	The Institute has well laid policies pertaining to the recruitment, training, welfare and promotion of faculty and staff members. The office of the Dean (Faculty affairs) has been responsible for addressing above issues pertaining to the faculty members. The promotions of faculty members are ensured through CAS as well as direct recruitment policies of UGC. A separate committee looks after the above issues pertaining to non teaching employees of the institute. The institute has endorsed the modified assured career progression scheme of MHRD, GOI, through its recruitment and promotion norms for non-academic staff since 2012. To upgrade knowledge base, faculties are encouraged to participate in Symposium/ Seminar Conference etc held in India and abroad regularly. Training programs are arranged regularly to upgrade the skill level of non-academic staff and successful employees are given additional increment/promotion as per rules of the Institute. Several welfare schemes such as Mediclaim, provident fund, group insurance etc are available for the benefit of employees. The Institute has in house Dispensary for staff and students.
Library, ICT and Physical Infrastructure / Instrumentation	The institute Library is housed in the main academic building with 3900 sq. meter working space. It has a seating capacity for 200 students, fully automated with a Fiber Optic connectivity and Wi-Fi facility. A total of 60 classrooms are available in the Institute, out of which 50 are ICT enabled and 10 are smart classrooms. A state of the art Central instrumentation facility and high performance computing facility are available in the institute to cater to the needs of the students. The sports complex of the institute spreads over 25 acres of land. Everyday approximately five hundred students utilize the sports complex for PT Games classes and practice. The complex consists of a standard athletic track along with badminton hall, multi-gym

	hall, volleyball court, basketball court, hockey ground, football field, kabaddi court, netball court, kho - kho field, cricket field, lawn tennis court, gymnasium hall etc.
Research and Development	Institute has been actively pursuing research in a large number of emerging and classical fields of science and technology. It has a large number of Research scholars who are the heart of research activities in the institute. These scholars along with their mentors have been contributing significantly towards expanding the scientific and technological knowledge base, which could be useful for the development of society. The Institute has state of art laboratory facilities. Faculty members are executing Research and Development projects which are funded by reputed national organizations such as ISRO, DST, DRDO, ARDB, BRNS, DBT, CSIR, AICTE, UGC etc. The institute also encourages UG and PG students to engage in Research and Development activities by providing them grants for consumables and minor equipment which could be used to execute projects. The recruitment and promotion policies of the institute have been also framed in such a way to encourage and recognize research activities. The institute has been publishing several books and more than 300 research papers in SCI and SCOPUS indexed Journals every year.
Examination and Evaluation	The examination section of BIT Mesra maintains the global standard in examination procedures. The continuous internal assessment is spread over the whole semester. The breakup of continuous internal assessment and the type of assessment tools to be used are mentioned in the course curriculum. The institute has the specific guidelines for examination in UG, PG and Ph.D. programs. Grading system with percentage conversion formula is followed in examination to maintain the global requirements. A proper seat- matrix system and corresponding ratio based invigilation duty are followed to maintain discipline in examination hall during MID and END Semester examinations. Any kind of unfair means is reported to the examination section for proper action. Guidelines for invigilators and Instructions for the

	candidates are strictly maintained by the examination section during the examination. Evaluations of Ph.D. thesis by both national and international examiners are executed within six months that illustrates the best practices of the examination section.
Teaching and Learning	The teaching and learning process involves theory classes which are complemented by laboratory classes with live examples. Usually, teacher explains the topics in an eloquent manner so that the student could grasp them easily and use them in furthering the courses. The Institute has been sensitive enough to promote experiential and participative learning and inculcate real world problem solving methodologies among students by providing industrial visits, field visits, Internship, assignments in the curriculum as well as activities of technical clubs. Students of specific programme are required to go for compulsory educational tour of 2 weeks duration. Apart from the scheduled trips, students are also sent for site inspection within the city to get adapted with the project management mechanism.
Curriculum Development	At BIT Mesra, involvement of all stakeholders is ensured for design and development of the Curricula. The Institute has the provision of a well- planned and organized Board of Studies (BOS) in each Department which is approved by the Academic Council. The BOS is responsible for the design and development of curricula giving due recognition to the opinions of concerned faculty members of the department and institutes mission and vision. The curricula in practice have relevance to the regional and national developmental needs at all levels to meet requirements of the industry. While framing the curricula, the institute adheres to the guidelines recommended by the UGC /AICTE and other national apex regulation bodies. The review of curricula takes place at a regular interval.
6.2.2 – Implementation of e-governance in areas of operation	tions:
E-governace area	Details

Planning and Development	The Planning and Development issues of the Institute are divided into two different categories, i.e., Academics and Administration. The academic planning and development are taken care by offices of the concerned Dean's wherein online mode of communication or MIS system is in operation to take care of different activities. Similarly, the administrative structure also is supported by different offices such as Accounts, Purchase, Stores, Estate and Construction, Communication services, Security and surveillance etc. All of them manage their data digitally that is based on the laid down Institutional policies. For example, all the indents for procurement of equipment or Services are made using the IBIS software, where they are processed online by the purchase office and the same is automatically linked to the Accounts office and general store section.
Administration	The institute has robust governance structures consisting of different Governance organs such as Board of Governors, General Council, Finance Committee and Academic Council etc., that are aligned to the UGC regulations as applicable from time to time. Institute has an MIS for access, processing and management of data. Data pertaining to different academic activities are captured in ERP. The procurement of equipments and services and payment for the same are done using software. There is online provision for submission of applications for admission and deposition of fees for students. Faculty and staff are able to get their monthly salary slips in ERP using dedicated login credentials. Main mode of communication amongst institute faculty and staff is through institute webmail. Notices and minutes of meetings are also circulated through emails. All the academic zones and hostels are covered under Wi-Fi facility which ensures seamless internet connectivity.
Finance and Accounts	The Finance and Accounts section of the Institute is responsible for observance of regulations relating to maintenance of accounts of Income and Expenditures and consider any other matter referred by Board of Governors.

	The Accounts Department ensures that all statutory payments are being deducted as per the Government rules and regulations and are being deposited in time to the concerned Government Department. The Accounts also ensure that all statutory Returns are being filed in time. For all these activities, accounts section uses software such as IBIS, ERP etc. and uses the latest computing facilities.
Student Admission and Support	Admission to all UG, PG and Ph.D. programs are based on National / Institute level competitive test and counselling / interviews using the required web applications. For B.Tech. and B.Arch. programs, admissions are based on All-India entrance examination (JEE-Main) followed by JoSAA / CSAB counselling, which is nationally executed through a centralised online process. The Institute is also a Counselling centre for the above process to assist JoSAA/CSAB. Student life cycle which covers admission, registration of courses, examination, results, payment of fees, issue of grade cards etc is being captured by an ERP System. All the students are provided with an Institute email id. Institute central library has adopted library management system to manage its services which helps the students in the process of learning and development.
Examination 6.3 – Faculty Empowerment Strategies	Exam Section follows the simultaneous conduction of examination and evaluation of answer scripts for faster result processing. The central evaluation system, has been using bar code in evaluation process which is one of the best practices of examination section. The speedy publication of result helps the students in their further career progression. Examination section has an ERP based system to manage its activities, where entry of marks, processing of marks and notification of results are carried out using this facility. As a result of this ERP, students can check their results individually through designated login credentials.

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

The vision of the Institute is to become a globally recognized academic institution in consonance with the social, economic and ecological environment, striving continuously for excellence in education, research, and technological service to the Nation. Contribute to national needs through dissemination of knowledge, research and development, and technological service : BIT Mesra has a vision to be recognized as a world-class institution catering to engineering and technological education and research. Today, it has moved beyond the fulfillment of a scholastic promise to re-defining education and making its mark through significant contributions to knowledge and national needs. The thrust areas are: • Remote Sensing • Space Engineering and Rocketry • Civil and Environmental Engineering The Department of Remote Sensing at BIT Mesra has been disseminating knowledge of satellite remote sensing technology and its applications since 1997 through research and post graduate academic courses like M. Tech. (Remote Sensing) and M.Sc. (Geo-informatics) degree programmes. The notable research activities of the department includes, Development of methodology to detect the pollutants in flowing river water, Development of algorithm for mineral mapping on the surface of the moon, Development of Drought Modelling Software, etc. The department established the line of Tropic of Cancer passing near Ormanjhi area of Ranchi using Differential and Geodetic Global Position System (GPS). Institute was the first technical institution to establish a Department of Space Engineering Rocketry way back in 1964. It was also the first to establish static rocket test firing facility and to offer P.G. programmes in the strategic areas in association with the Indian Space Research Organization (ISRO). The Department aims to provide state of art education and training to its students to enable them to contribute efficiently in the National efforts being made in the fields of Space Defence related technologies and challenging future missions. The Department also provides research facilities at doctoral and postdoctoral levels in the fields of Aerodynamics and Flow Studies, Propellant Technology, Rocket Propulsion and Combustion. The Department of Civil Environmental Engineering has been contributing significantly in mitigating problems related to mine slope stability and disaster management issues across India. Faculties are involved in designing of stable slope for mine over burdens and engaged in its safety management. They are also part of the National Rural Road Development Authority, which contributes to the nation's road building endeavors. The department also played a role in the development of cost effective toilets based on gender sensitivity, in rural and government schools of Khunti, Hazaribagh and Deoghar districts. Research in multiple areas such as waste water treatment, environmental remediation using FENTON process, nano materials and fuzzy algorithm is being carried out and technical research papers are being published in reputed journals. In addition various other research works are pursued in multi - disciplinary areas related to core Civil Engineering discipline.

8.Fut	ture Plans of Actions for Next Academic Year

The following points describes the proposal of plan of action to be implemented for the next academic year in consonance with the Institute vision and mission. 1) Participation in NIRF and other rankings. 2) Accreditation initiatives to majority of UG programs. 3) Accreditation to PG Programs. 4) MoU's with Industries and Academic Institutions. 5) To promote invited talks in various departments.
